

## HOW TO SCAN?

- State the specific information you are looking for.
- Try to anticipate how the answer will appear and what clues you might use to help you locate the answer. For example, if you were looking for a certain date, you would quickly read the paragraph looking only for numbers.
- Use headings and any other aids that will help you identify which sections might contain the information you are looking for.
- Selectively read and skip through sections of the passage.
